

March 29 2022

PRESS RELEASE

Well as you all can tell we have a month of ups and down's and right now we are trying to end on a good note for the month of March but we are not sure how well that is gonna go but we are trying to stay positive here and just keep going forward with everything,

SplashTV has a tester App that is up and running right now and we are even trying to help them with getting the regular App put threw for them but there has been nothing but problem after problem with everything regarding the App. Now on a good note for SplashTV there tester App does seem to be getting accepted. We have even heard that they have created a new section and a character to go with that section that seem's to be getting a nice liking.

Now all month we have been working hard with SplashTV to get everything up and running for them and keep thing's on track for them as well as us here at Splash Media and we have even started working on our Splash Media website also. Now on our website for Splash media you will be able to see everything that we do and we are hoping that alot of you like what it is we do and will choose us as your media agency.

Just to let everyone know like we have already stated we are working closely with SplashTV regarding their App coming out and we are trying to help them as much as we can at every turn here. Now Also SplashTV has stated that they have some new section's coming out on there site aswell and we are looking forward to seeing them coming out even though we do have an idea on what one of there section's coming out is and it wwas appearantly sujested to them by one of their site member's. Now Speaking of their site member's boy has that growing quickly as in the middle of the month they hit 5000 member's, then a few day's later they hit over 10000 and now appearantly they are sitting somewhere between 15000 and 18000. So we are happy that the word is getting out for them and we hope that it just keep's growing for them.

Well we are also hoping that you all enjoyed this past months movies and all the different selection's that SplashTV has had up for everything and we would like to let you know that appearantly they have even more coming before the end of the month for everyone aswell. Also we here at Splash Media and at SplashTV would like to know what you all think about SplashTV having Wrestling on there site as not many if any other Streaming site's out there would seriously Run any Kind of Wrestling at all as that seem's to be a thing of the past but we are happy to Have the Tony Khan Owned AEW and now ROH on our little service threw SplashTV.

Now we can you all that we know that there is some good movies coming here soon in April and we would also like to bring attention to the new coming soon section that SpalshTV has added to there site as this was supposed to be on the App only then they decided to movie it to their main site for

everyone to take a look at. Now we do know that they have had some movies on there already but they have to try and keep that updated for everyone also.

Now as we have stated we are currently working on our Splash Media site aswell and we will keep everyone upto date on that on our page on facebook. We are hoping to have that up and running it's self here with in the next few day's aswell. We also understand that over the past month SplashTV has done two seperated interview's for a magazine called BC Beat and for a new online Newspaper called BC Current and we are still waiting on hearing when those interviews will run.

Well we are sorry that this is the longest Press release we have done but there was alot to cover in this one and we hope that you all made it threw it ok and we hope that we all hear from you guys soon and that you have all had a great month.

Well we look forward to hearing from you all soon,

Thanks,

Splash Media
